- A translation of [Mon Élué de plaisir 2: Jeu de seins](#) by [MiaQc](#)

I am the Hornet King. I return to my pleasure Chosen One to play with her. Colette is her name. A divine angel whose body belongs to me.

In the cell of my dungeon, Colette stands. She cleaned her pussy because there is no trace of her cum. I smile. It's perfect. This time, it's my penis that will penetrate her, but first I want to pleasure her beautiful breasts. I order the blonde-haired angel to lie down on the carpet. My pleasure Chosen One obeys. I hold her beautiful breasts in my hands and slide my cock between them. Very slowly. Colette gasps and whimpers. I moan. As my cock continues to slide between her breasts, I use my thumbs to circle her nipples. Colette moans and I feel my penis harden. Soon, very soon, it will be ready for her entrance. I move my dick faster. The body of my pleasure Chosen One shudders, it wants to leap with pleasure. I moan louder, because I am ready. It's ready. I pull my penis off her chest and thrust it into her pussy. The blonde-haired angel screams and I groan loudly. As I continue to hold her lovely breasts in my hands, I pull my cock out and back into her. Colette cum quickly, while having an orgasm. I insert my cock all the way into her womb before dropping my seeds in. Yes, even though I am a lich, I have sperm. After that is done, I withdraw from her. Colette shyly asks me if I am finished. I tell her yes, but that I will come back tomorrow to fuck her again. The blonde-haired angel nods her head. I leave her and, once again, I hear her crying. The fool! No one is going to come and rescue her.
